## **DOGS AT LARGE**

We are again receiving **MANY** complaints from tribal members that there is an abundance of dogs at large running loose within the Pueblo boundaries. All you dog owners **PLEASE** be responsible and keep your dogs confined within your own yards.

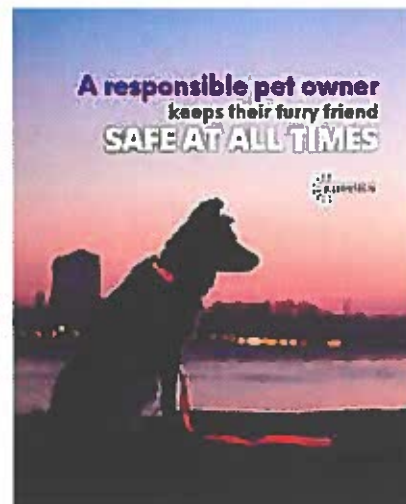

This is the time of the year that families start getting out to enjoy the nice weather and the last thing we need is anyone getting hurt or bitten by a dog, because we have neglected to be good pet owners. If you are having issues with dogs running at large, please contact BIA at **505-455-2295** and let's make our pet owner's responsible.

### **What is a Dog at Large?**

A "dog at large" (or "running at large") refers to any dog that is off its owner's property and not under the control of its owner or another responsible person. This includes dogs that are not on a leash, running freely in public areas or on private property without permission.

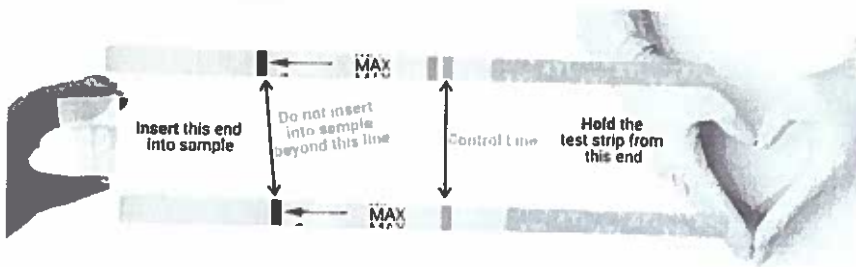

### **Reasons for Keeping Dogs on Leash or in Fenced Area**

Keeping your dog on a leash or in a fenced area can help protect both your pet and other people from harm. Dogs can be unpredictable animals and may act aggressively if they feel threatened or provoked by another animal or person. Additionally, allowing your dog to roam freely can make them vulnerable to predators such as coyotes or other wild animals as well as traffic accidents if they wander onto roads without supervision.

Funds are awarded directly to the recipient and can be used for any education-related expenses.

There are 20 initial or renewal scholarships of \$3,000 each available. Applications for this year's scholarships will be accepted **April 1 to May 3, 2024**.

Use the camera on your phone to open the NASP application with this QR code.
